

PAPER: WHAT'S UP IN 2012?

January Morning Smarts Presentation

This month we are so pleased to have Laura Luethje from WCP Solutions as our guest presenter. Out of the Portland office, she brings her experience and expertise dealing with paper to the Treasure Valley.

Join us as Laura shares what's current in the paper world, which lines may be changing, and what new papers are emerging.

She'll provide some new Neenah chip charts and showcase a couple of recent creative promo pieces, as well as introduce to us the new Classic & Curious Cosmic papers.

As usual, we'll have the coffee, tea and juice on hand, and some nutritious morning munchies. Fuel for you and your brain!

Seats are limited, so please RSVP with your TVL rep so we can save a spot for you.
